# Revamped AMDT

# About The Project

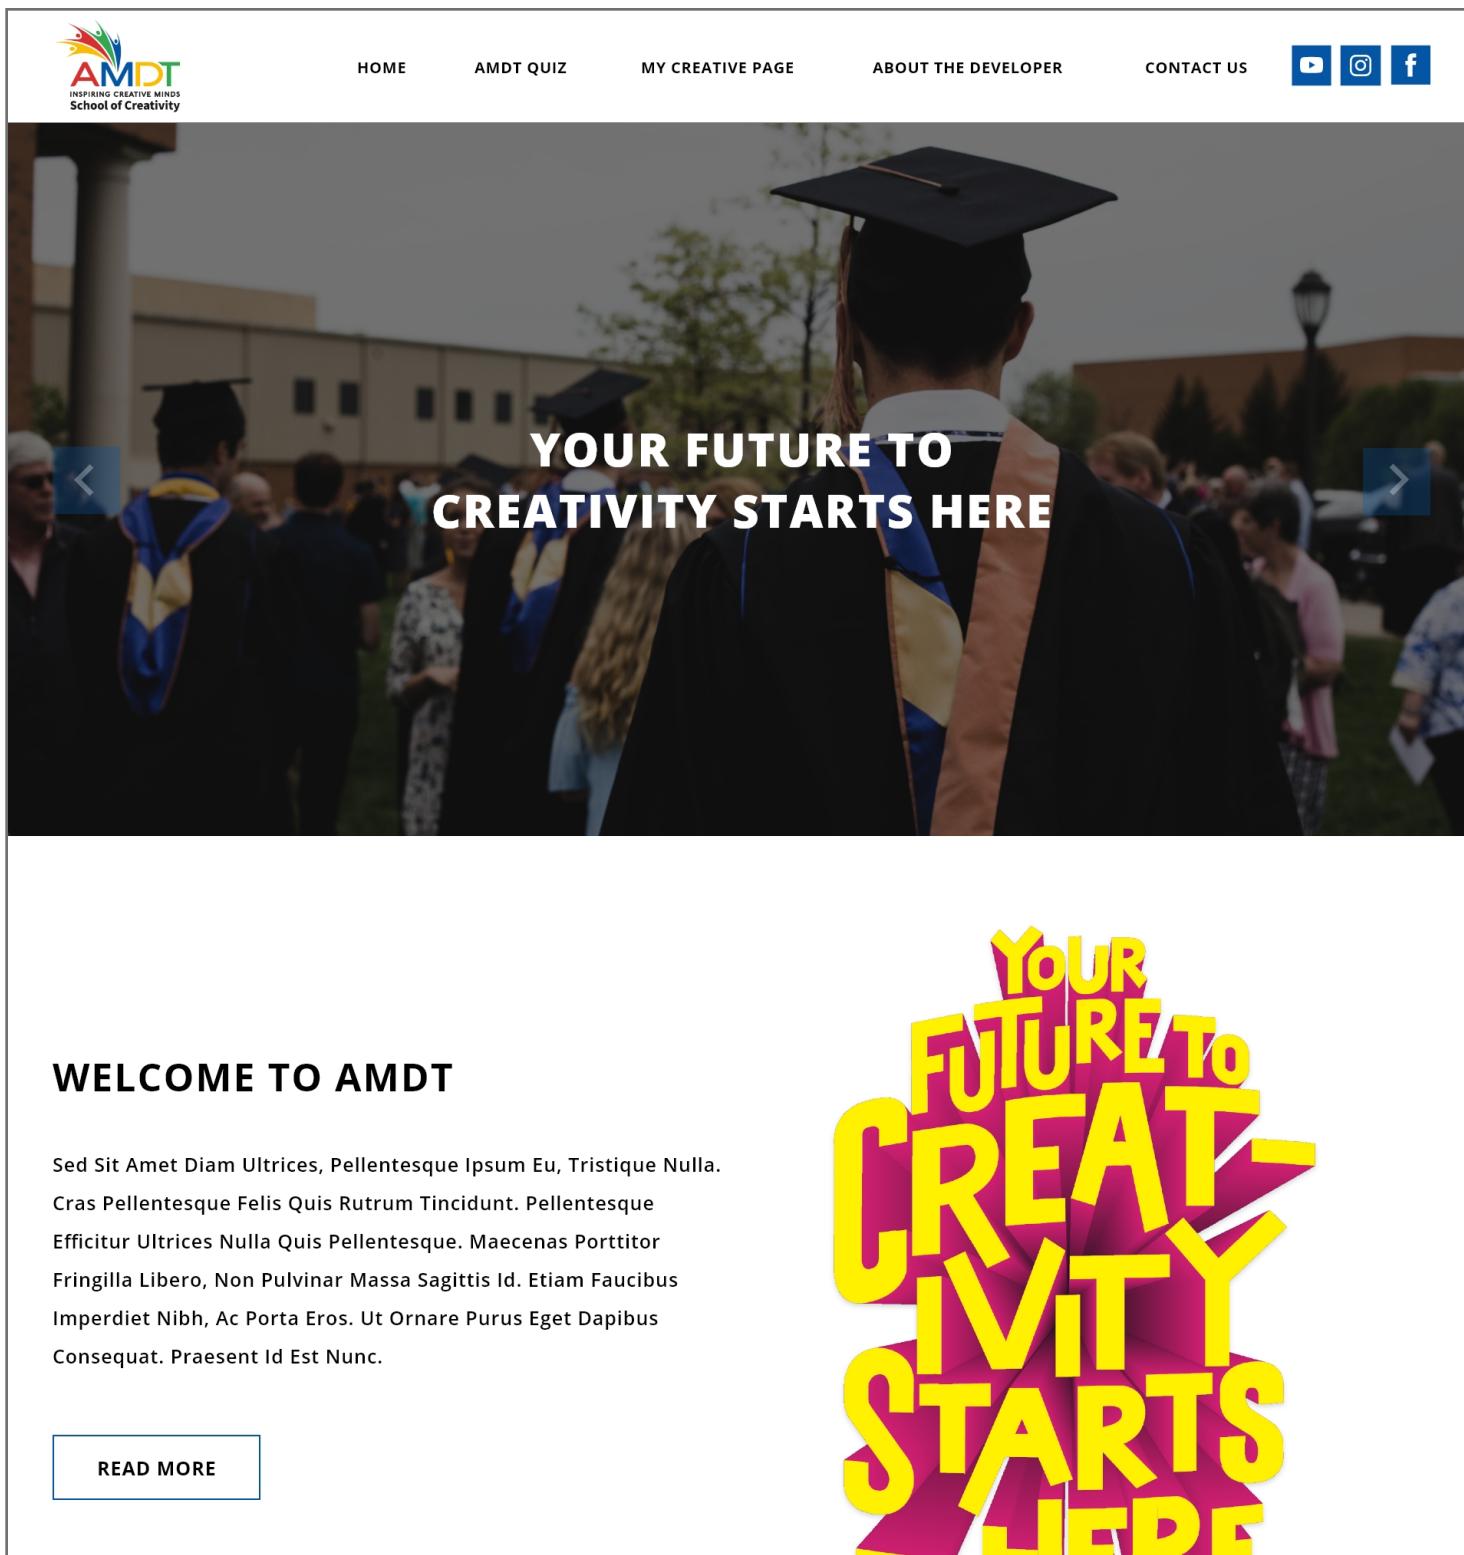

The project is all about revamping the current Amdt website according to client requirements. Amdt is one of the well known creative university in Sri Lanka. I revamped the site using current brand guide lines which included colors and fonts. Amdt new site was developed to showcase more creative part rather than putting a ton of content and completed the all required pages within 3 weeks.

## Web Site Info

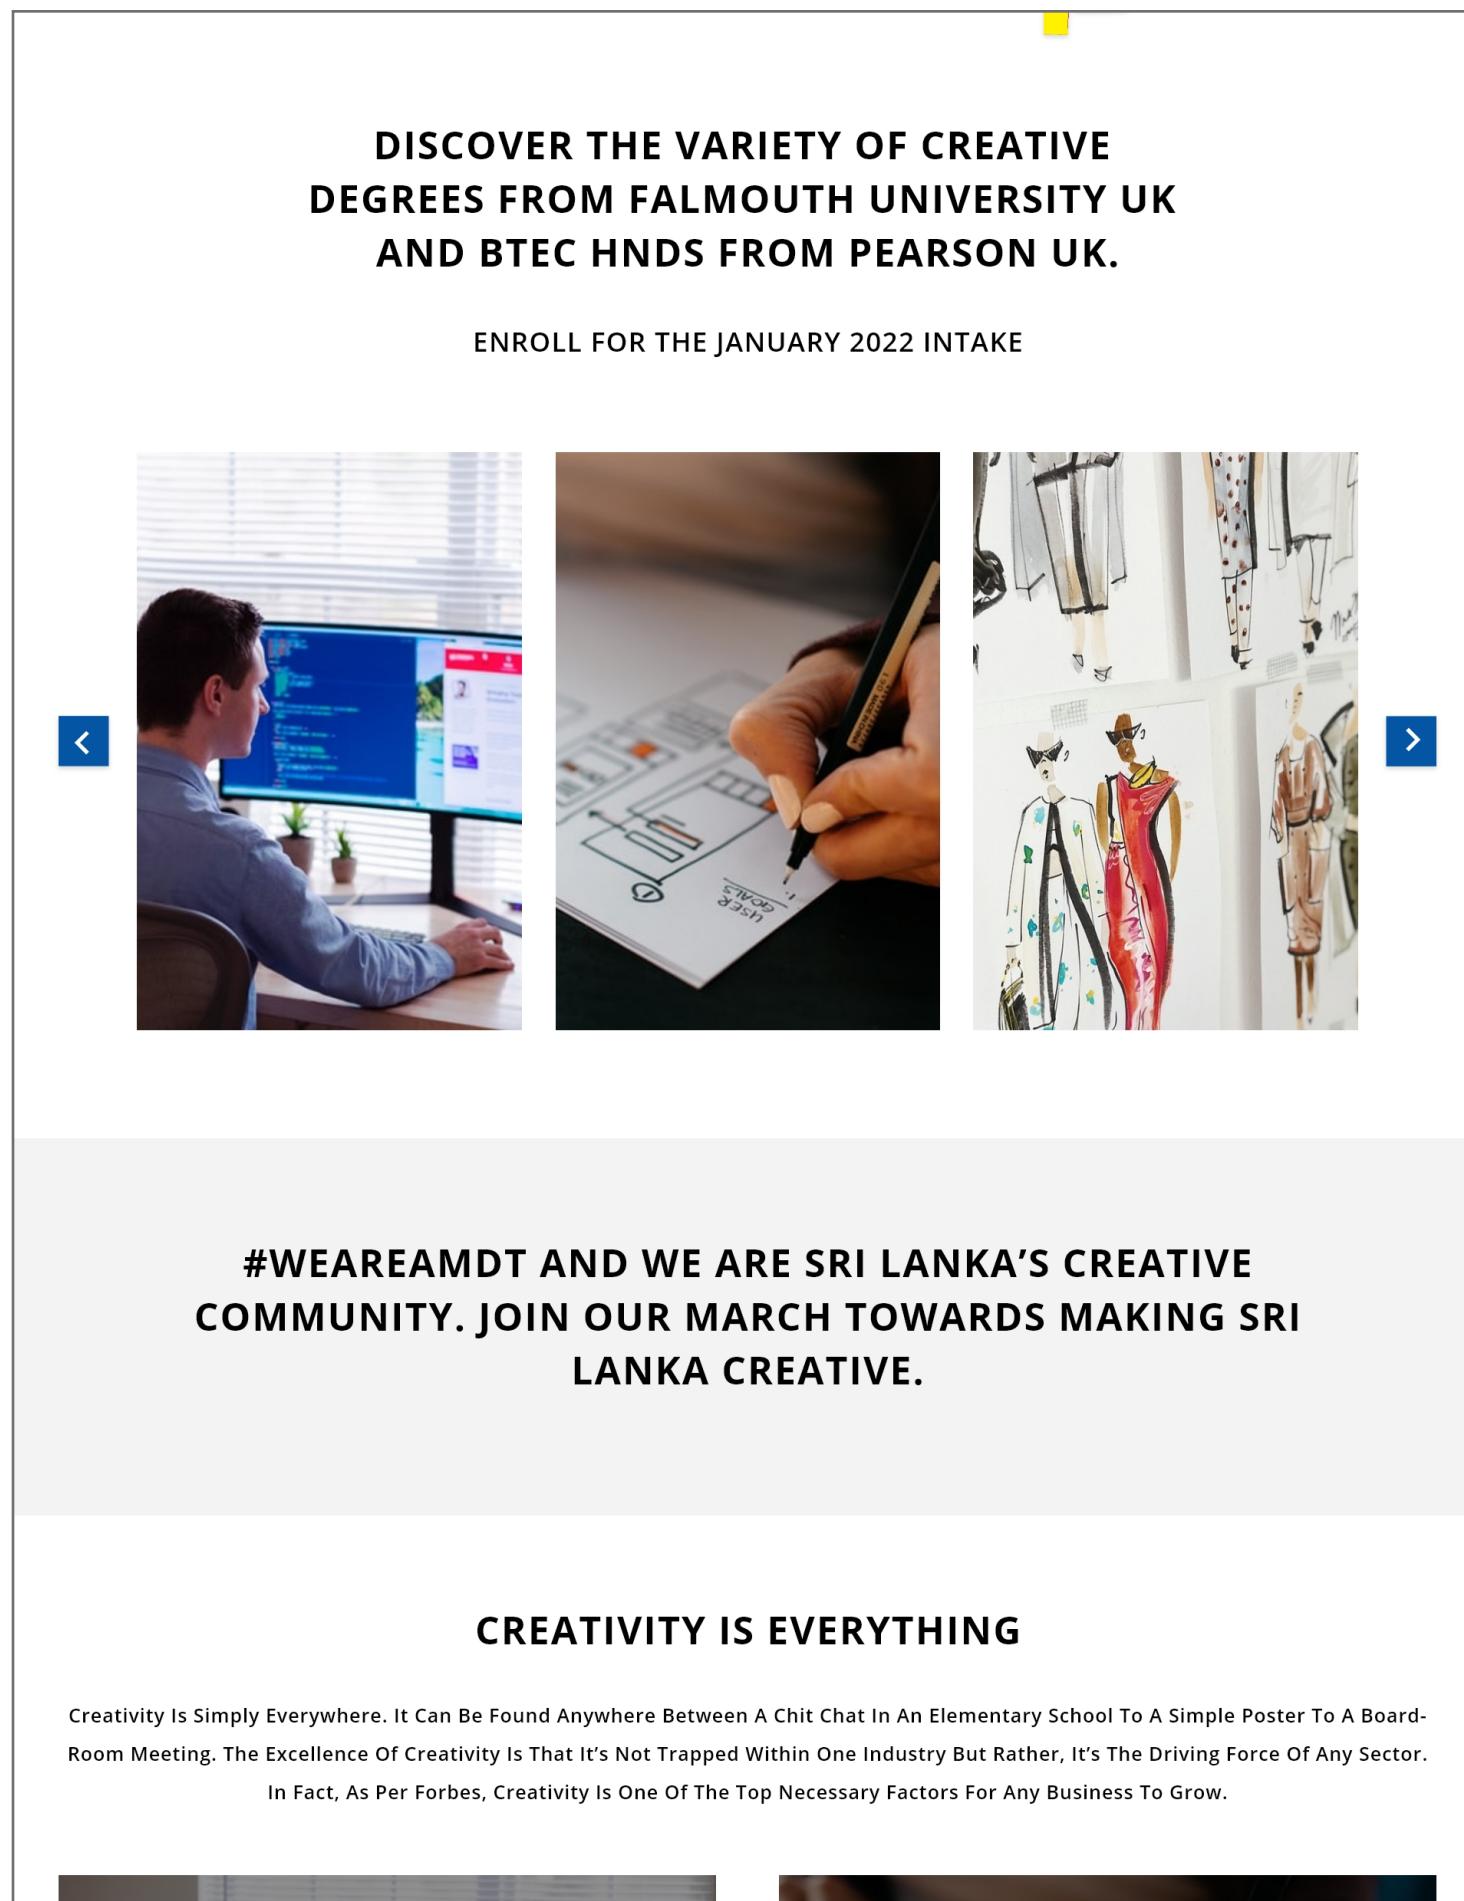

<b>Languages</b>	Html, Css, JavaScript
<b>Frameworks</b>	Bootstrap, JQuery
<b>Website Pages</b>	5 Pages ( Home, Amdt Quiz, Creative page, About the Developer, Contact us )

# Page Designs - Xd

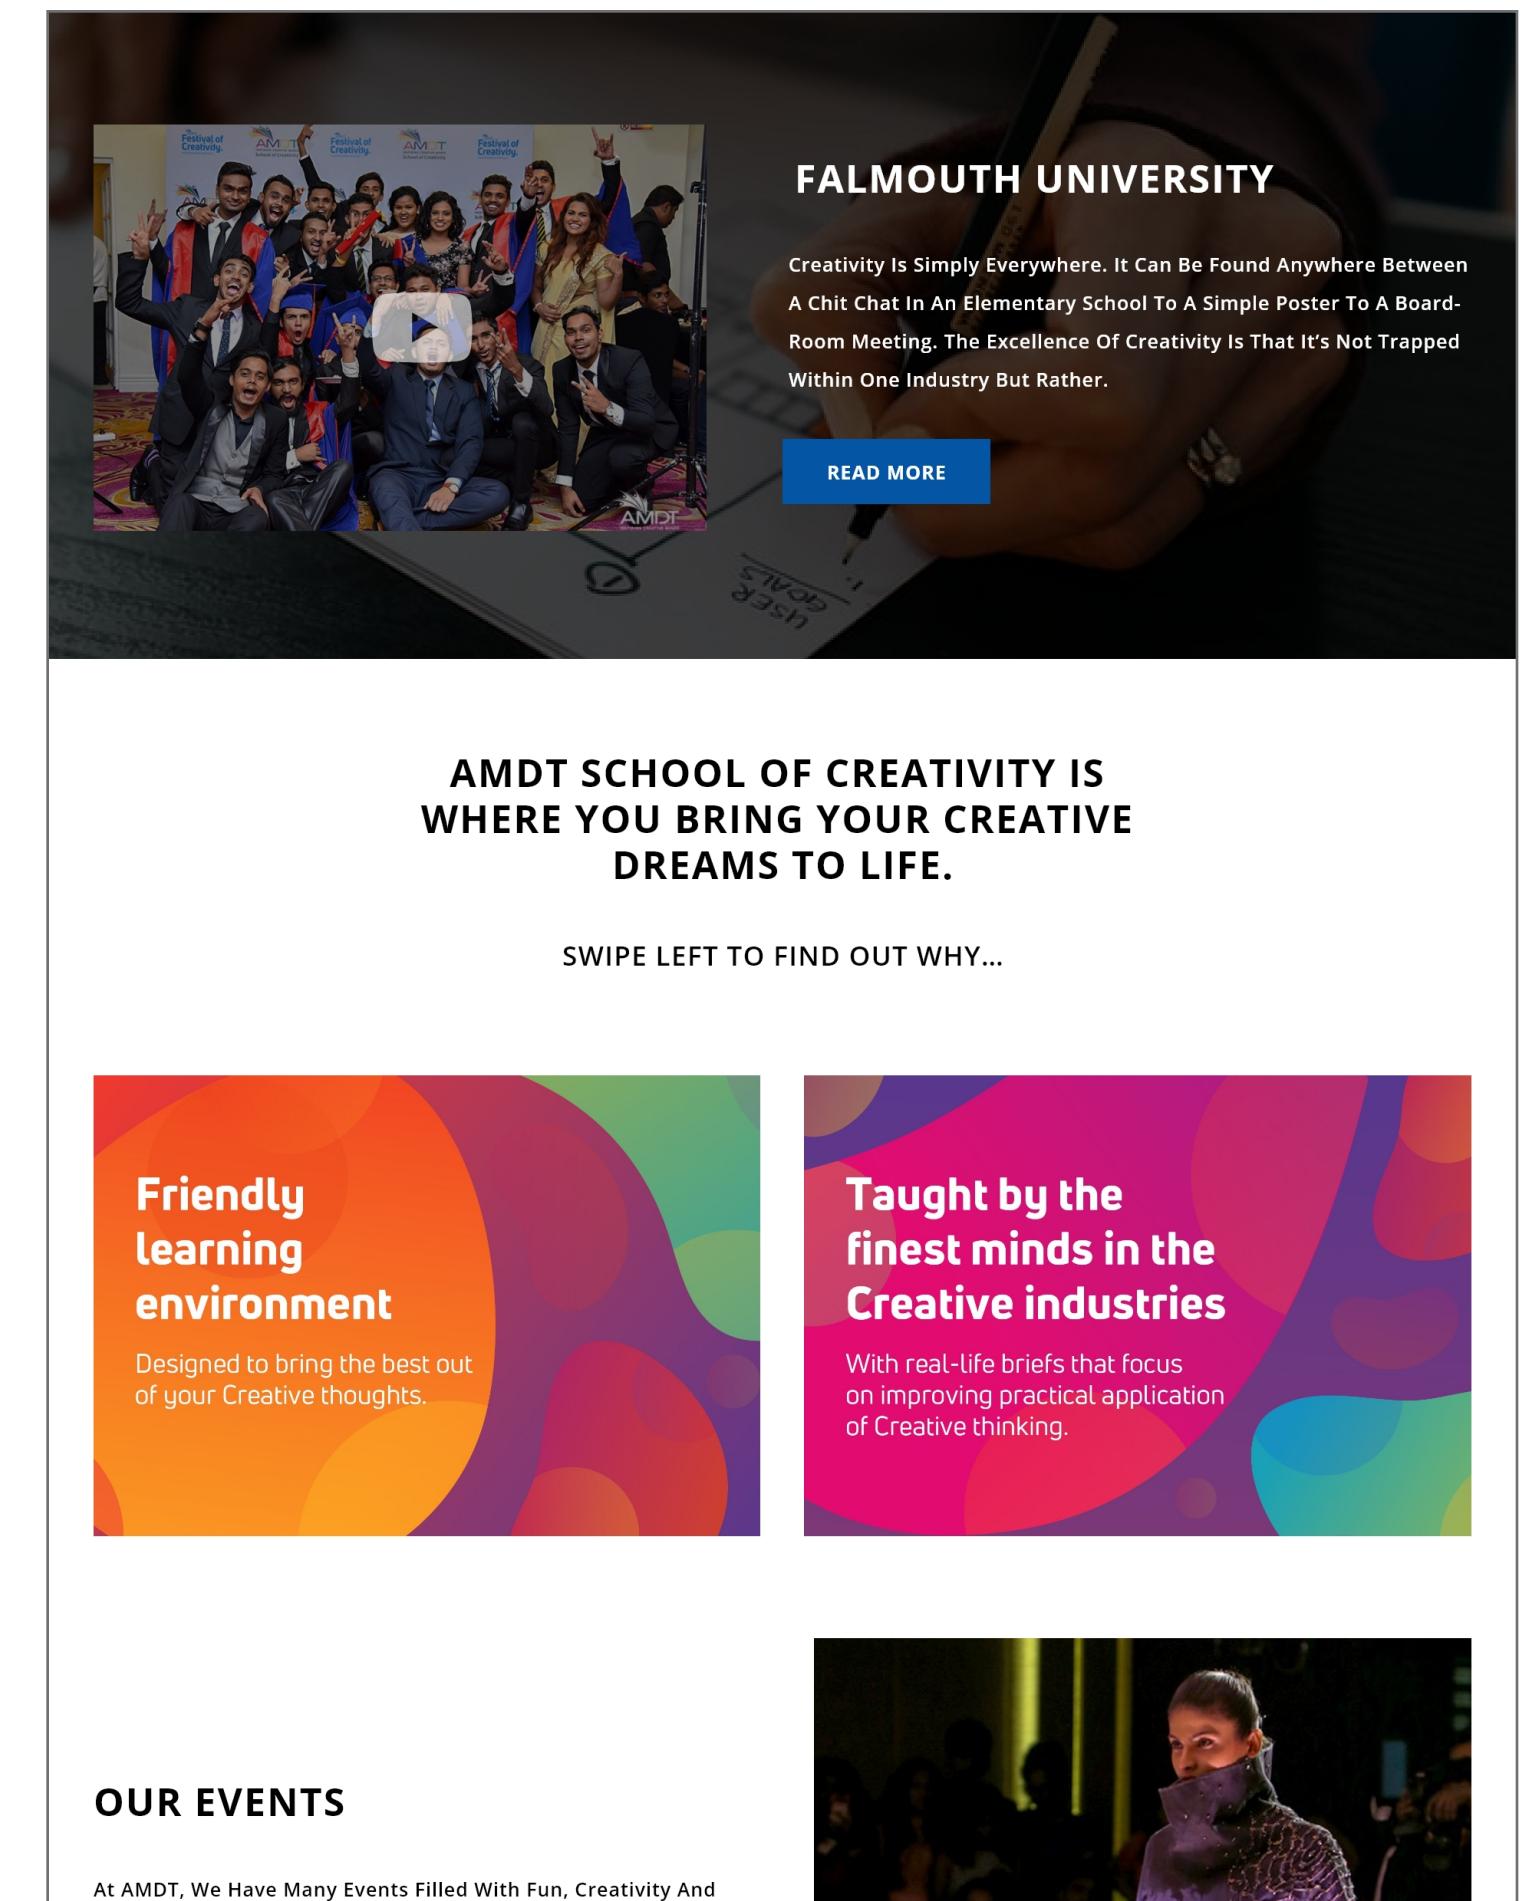

Before entered the development part, I designed UIs based on the client requirements. These could be changed based on the possibilities and functionalities which I've included while the development process.

The design features a large background image of graduates in caps and gowns. Overlaid text includes "YOUR FUTURE TO CREATIVITY STARTS HERE" and "WELCOME TO AMDT". A large, stylized graphic on the right reads "YOUR FUTURE To CREATIVITY STARTS HERE". Below the main image is a paragraph of placeholder text: "Sed Sit Amet Diam Ultrices, Pellentesque Ipsum Eu, Tristique Nulla. Cras Pellentesque Felis Quis Rutrum Tincidunt. Pellentesque Efficitur Ultrices Nulla Quis Pellentesque. Maecenas Porttitor Fringilla Libero, Non Pulvinar Massa Sagittis Id. Etiam Faucibus Imperdiet Nibh, Ac Porta Eros. Ut Ornare Purus Eget Dapibus Consequat. Praesent Id Est Nunc." A "READ MORE" button is at the bottom.

The design features a central call-to-action: "DISCOVER THE VARIETY OF CREATIVE DEGREES FROM FALMOUTH UNIVERSITY UK AND BTEC HNDS FROM PEARSON UK." Below it is a "ENROLL FOR THE JANUARY 2022 INTAKE" button. Three images show a person coding, a hand sketching, and fashion designs. A large text block below reads: "#WEAREAMDT AND WE ARE SRI LANKA'S CREATIVE COMMUNITY. JOIN OUR MARCH TOWARDS MAKING SRI LANKA CREATIVE." At the bottom, a quote states: "Creativity Is Simply Everywhere. It Can Be Found Anywhere Between A Chit Chat In An Elementary School To A Simple Poster To A Board-Room Meeting. The Excellence Of Creativity Is That It's Not Trapped Within One Industry But Rather, It's The Driving Force Of Any Sector. In Fact, As Per Forbes, Creativity Is One Of The Top Necessary Factors For Any Business To Grow."

The design features a dark header with "FALMOUTH UNIVERSITY". Below it is a photo of a group of graduates. A video player icon is overlaid on the photo. Text reads: "Creativity Is Simply Everywhere. It Can Be Found Anywhere Between A Chit Chat In An Elementary School To A Simple Poster To A Board-Room Meeting. The Excellence Of Creativity Is That It's Not Trapped Within One Industry But Rather, It's The Driving Force Of Any Sector." A "READ MORE" button is present. The main text block says: "AMDT SCHOOL OF CREATIVITY IS WHERE YOU BRING YOUR CREATIVE DREAMS TO LIFE." Below it is a "SWIPE LEFT TO FIND OUT WHY..." button. Two colored sections on the right say: "Friendly learning environment" (orange) and "Taught by the finest minds in the Creative industries" (purple). A small image of a person speaking is at the bottom.

# Amdt Quiz

In the quiz section as the client requirement client needs to show simple quiz game about the university and its background. As the requirement, when user get above 12 marks it says "Congratulations" with green color and if they failed to get above 12 it says "Try Harder Next Time" with red color. User will get two points for every success full one answer and will get -2 if it's wrong. Highest mark would be 20 and lowest would be -20.

# Usability Testing

I conducted a usability testing with two persons by assuming the client and get their feedbacks about the website and finding issues by giving the specific tasks for them. Below I listed down all the findings and issues which needs to be changed.

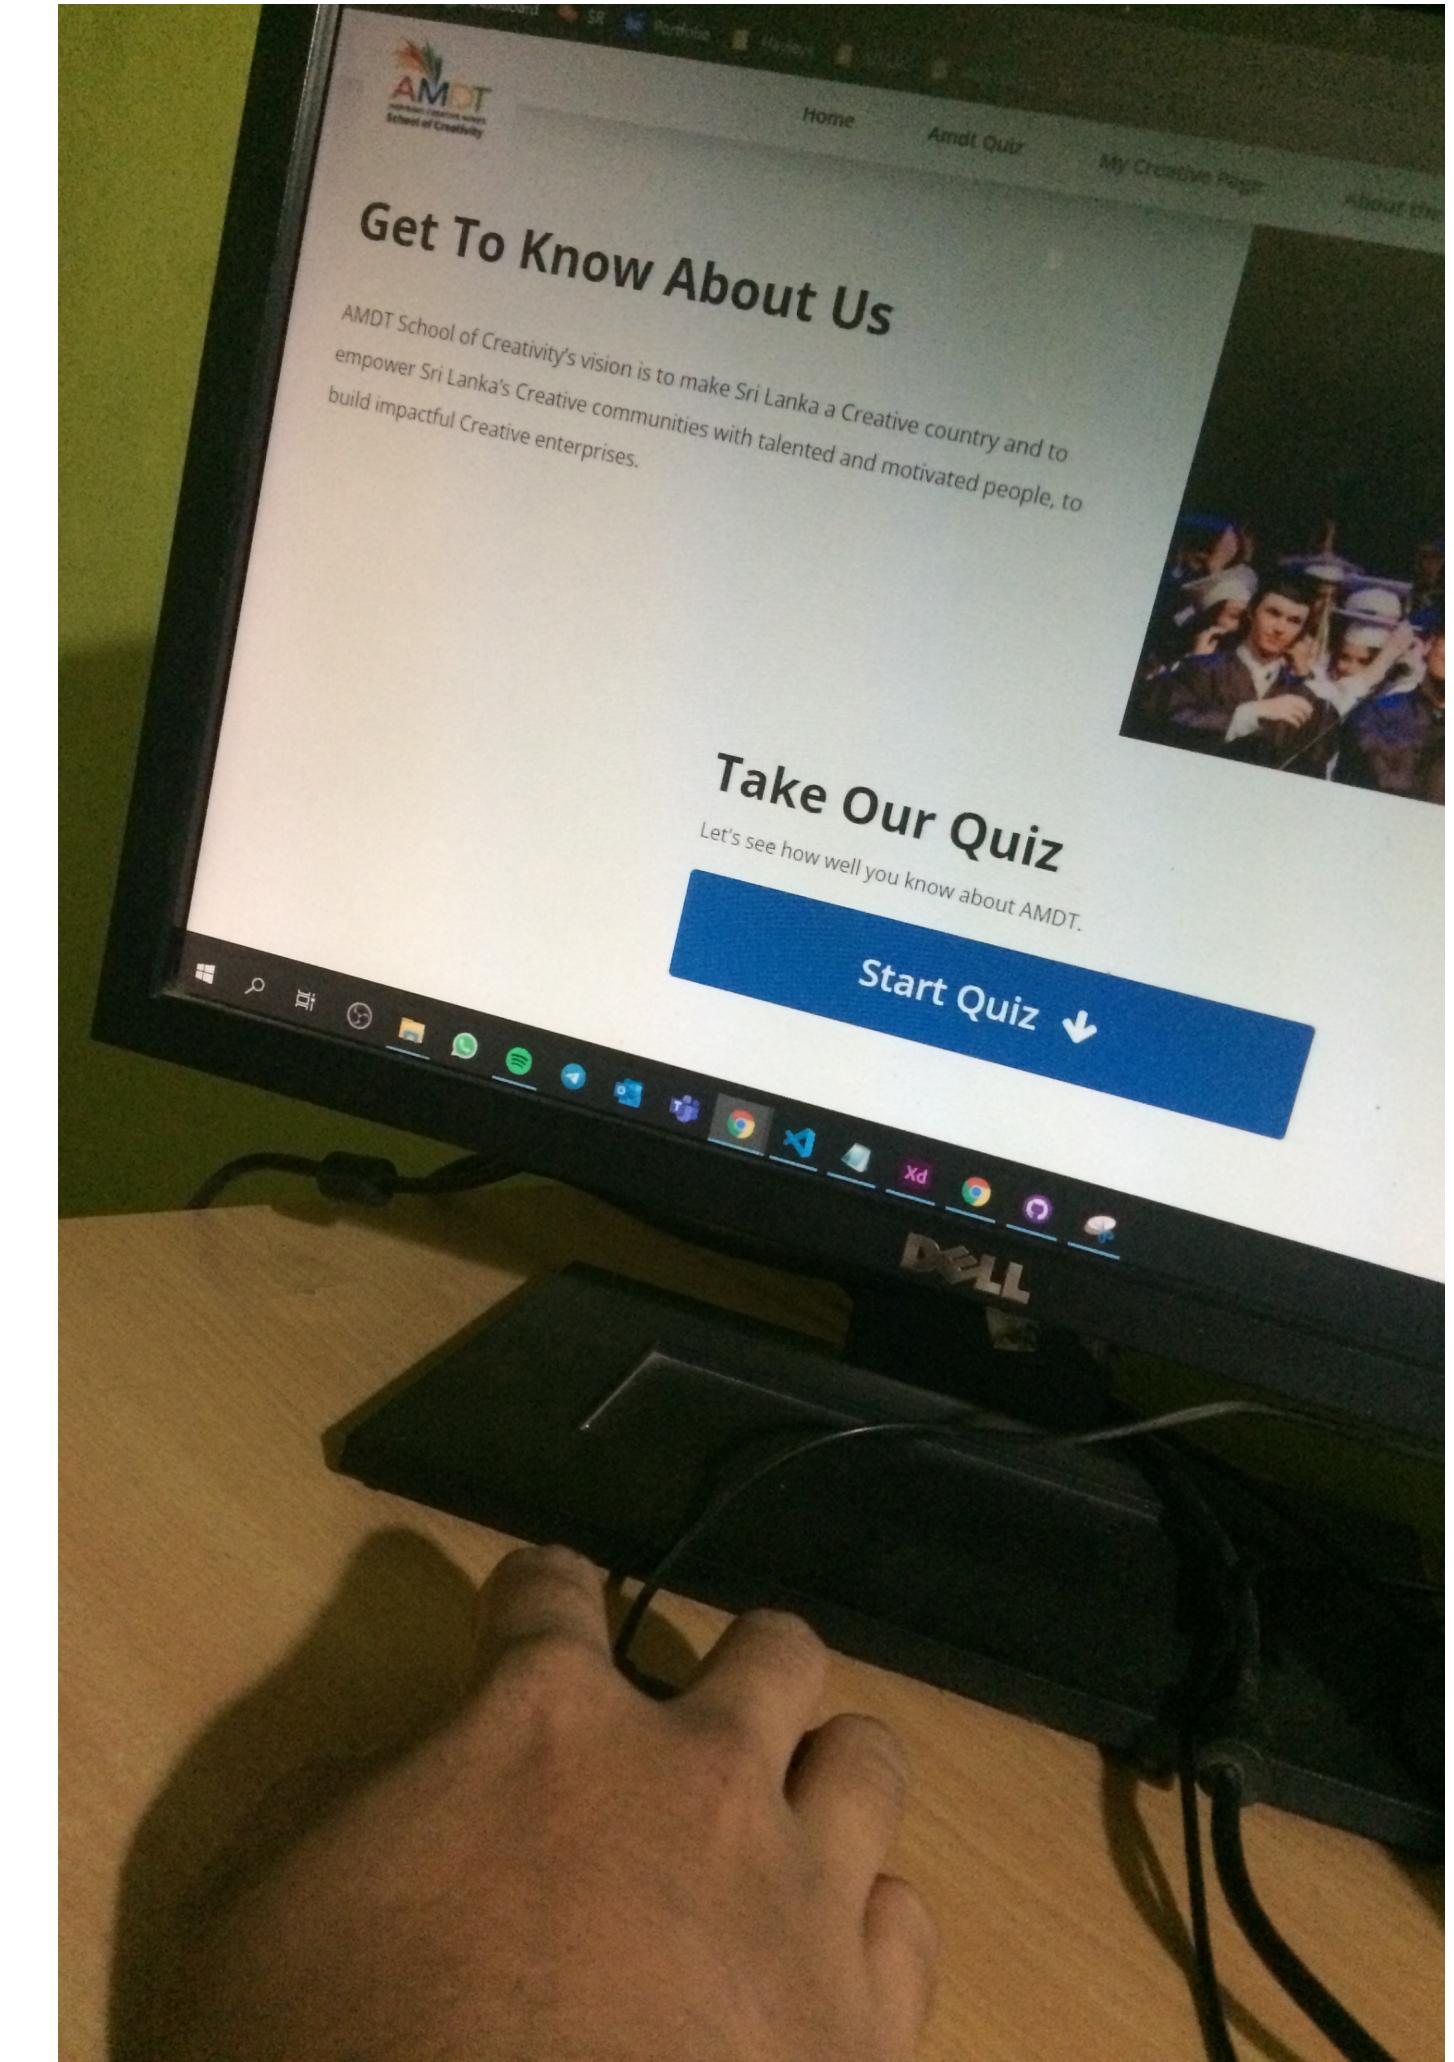

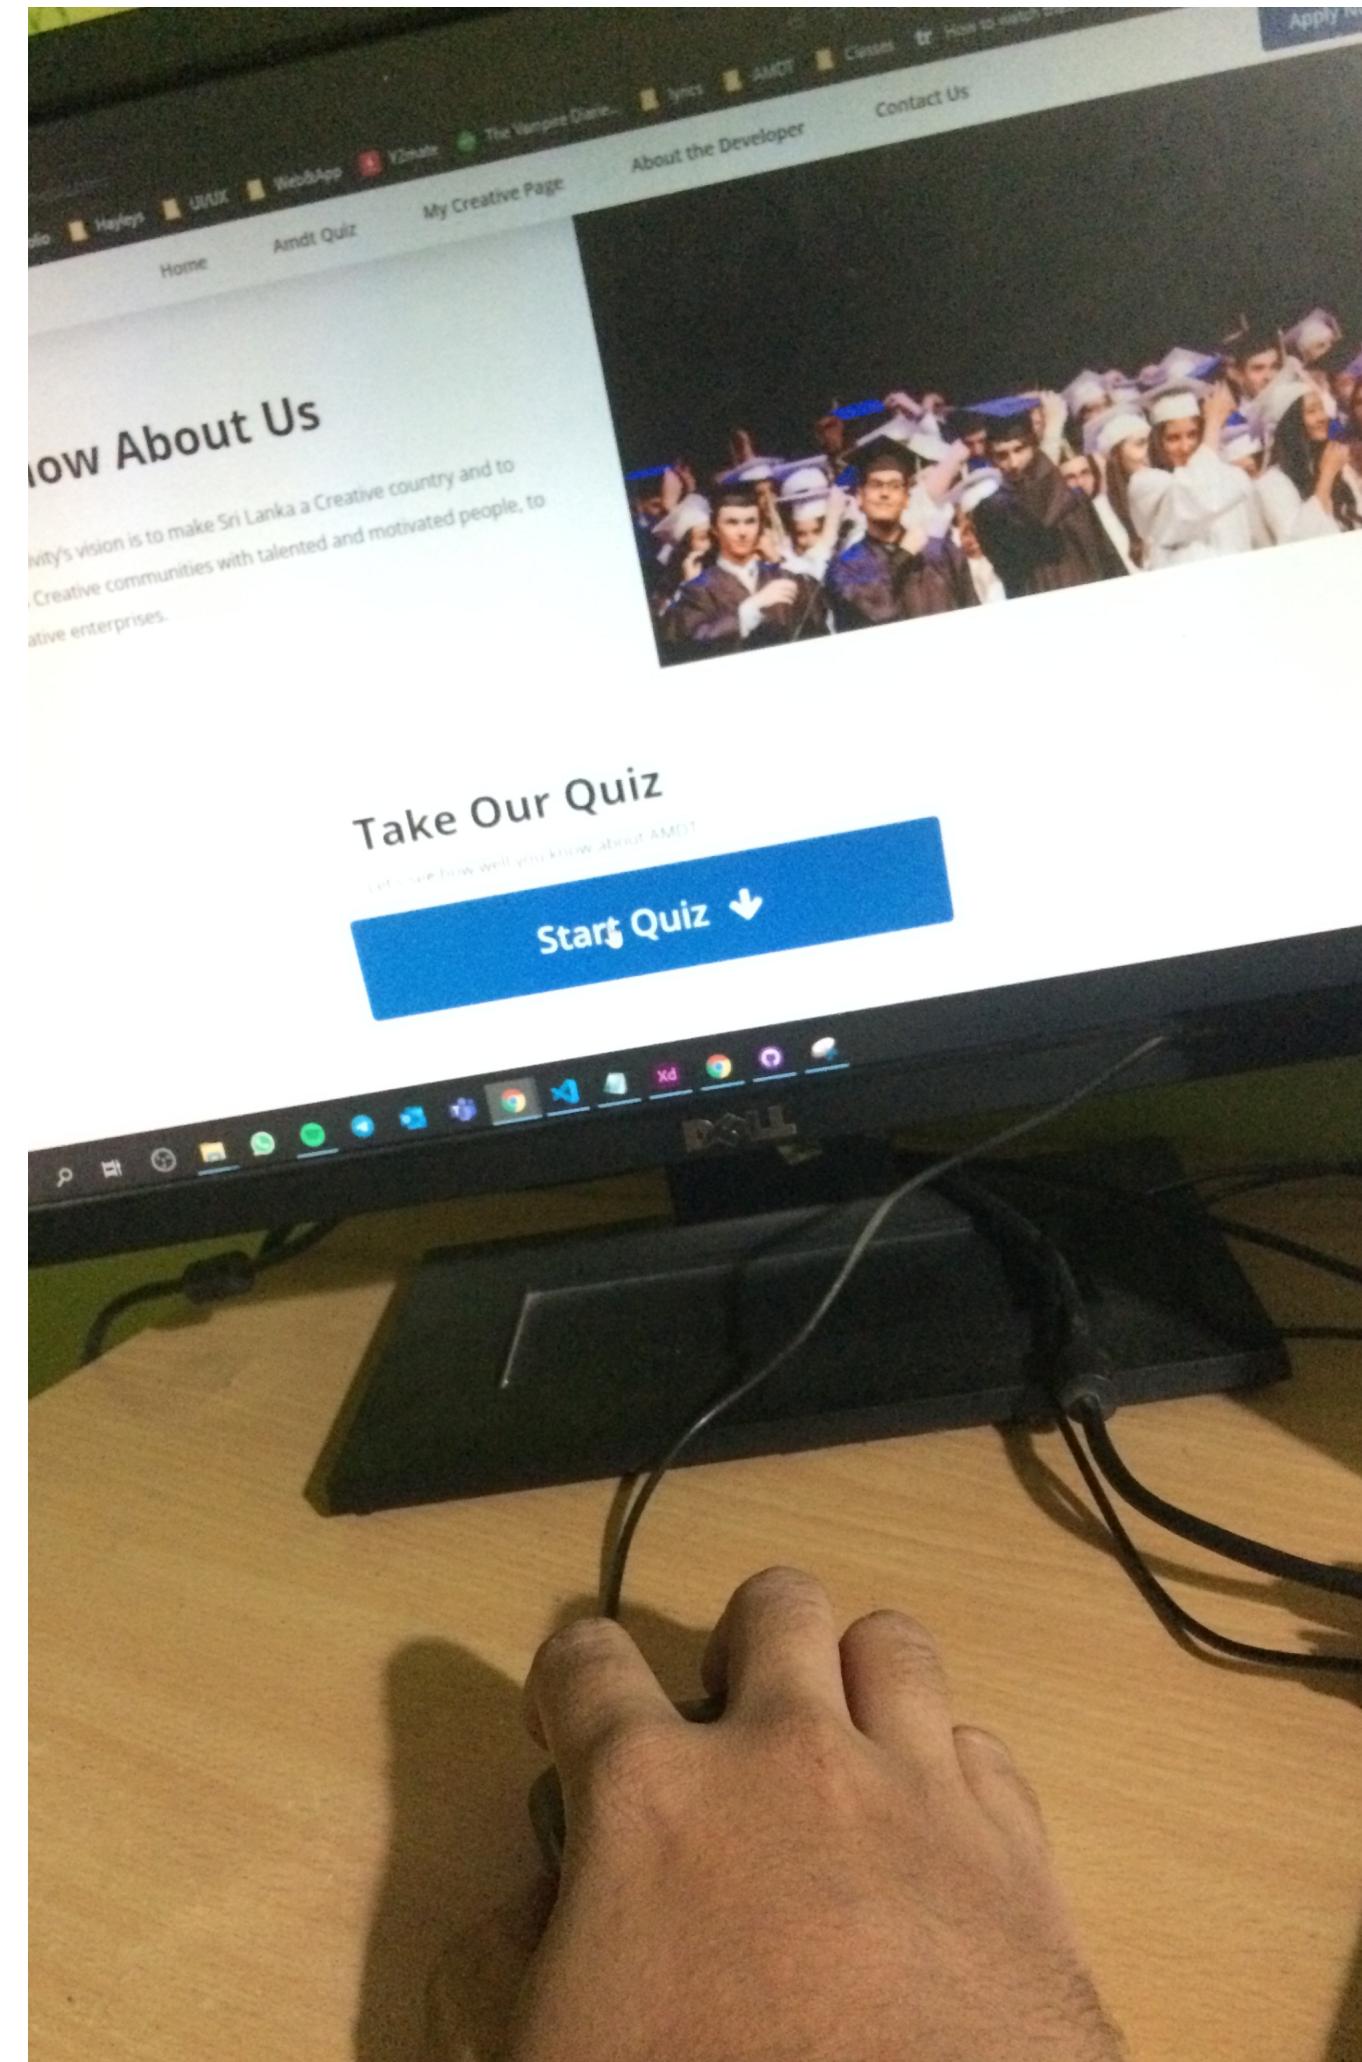

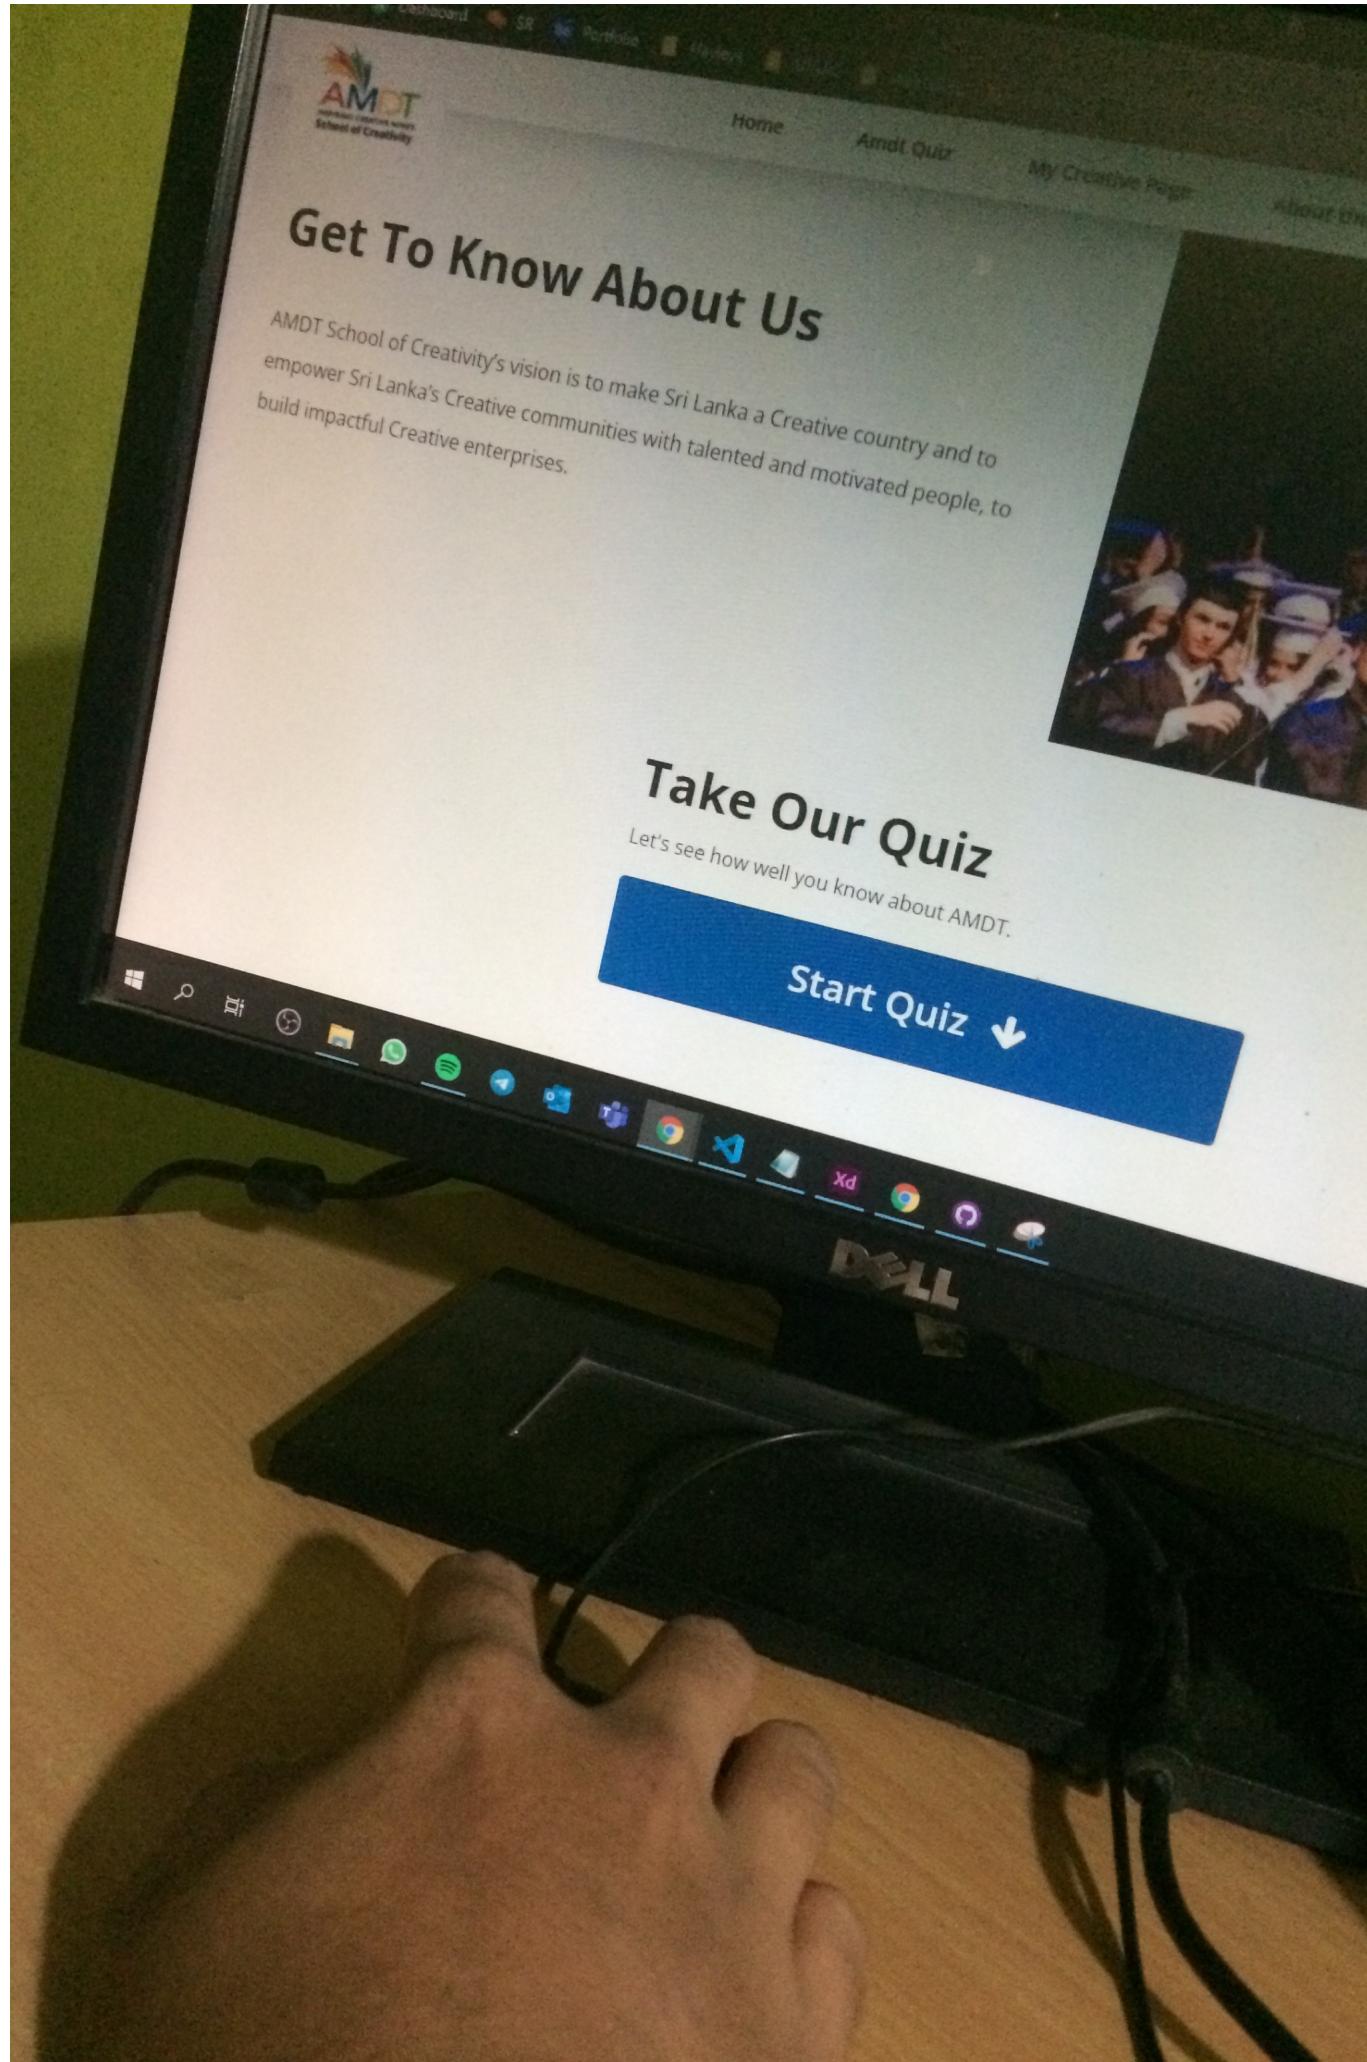

Task 1 - To fill put the quiz form and submit it.

Task 2 - To asking about more details of a course using contact form

## User 1

## User 2

## **Key Findings**

- Prefer new site more than the existing one in terms of white space and content structure
- 1-2 minutes. was the average time spent per task by participants.
- Users prefer navigation bar with search option rather than just a navigation bar.
- All the two 2 users successfully completed their tasks.

### **The Good**

- Button animations
- Image hover effects
- Reduce the white space than the existing one
- Appears to be well organized generally

### **The Bad**

- Lack of animation effects
- Still too many texts
- Navigation and footer loaded after the page appears

## **Functional Issues**

- Appears red color in the contact form even after submitted the form
- Counter feature doesn't work as it is
